**Clothing Report:** The online clothing store will reopen at the end of October. Kelley will add a couple of items.

**Needs List:** Jeff is deciding how needs list will work if we give a lump sum. We discussed if we should give a lump sum or continue to operate needs list like we have been doing. Jeff informed us we could get a list of how money was spent if lump sum was given. Jeff also informed us we could continue to get old uniforms to sell at future garage sales. Rod will write up an explanation of how the needs list works and it will be displayed on the PHS website. We also decided we will put agenda, needs list and minutes on website.

**AD report:** Jeff gave an update on fall sports.

**By-laws:** Lori gave Rod a revision of the by-laws. Rod will review and email them out to everyone for a final review.

**Boys and Girls Shootout:** Jeff informed us we will be able to use PHS facilities for these events. The shootout committee can also provide concessions but must use Coke products. There will not be a fee charged and the committee can bring in product or keep track of product used. Basketball will be over by the time these events occur. We will figure out how committee wants to handle products once they have a meeting.

**BCR Alerts:** PHS decided they will send out alerts for the booster club. They must be 99 characters or less. Kelley should contact Linda.

**Other items:** It was suggested that money be given to the Danny Nelson Memorial fund since he was very involved with the Boys shootout. Scott motioned that we donate \$100 towards memorial. Kelley seconded.

Kelley asked Lori to calculate how much will be given to Pink Ribbon Club and Cops for Cancer.

Scott made a motion for the Booster Club to purchase backboard safety padding for the basketball hoops in Prouty Gym as long as it did not exceed \$500. Kelley seconded.

A motion to adjourn the meeting was made at 7:39 by Scott and seconded by Kelley.
